

# Construction Labourer JOB POSTING

---

**Rice Commercial Group** provides a cost effective, efficient, courteous and safe trucking service to the infrastructure and servicing industry. Rice Group's fleet consists of late model tri-axles, live bottom trailers, roll-off trucks and off road rock trucks available by contract or hourly rates. Float services are also available from 5 to 60 ton for most pieces of equipment.

**Rice Aggregates Limited** is a supplier of quality aggregates to the industry, including aggregates supplied by the largest producers and products made to exacting standards by **Rice Commercial Group** forces.

**Rice Construction Limited** is an experienced construction provider in all areas of the industry. Rice Group completes building construction on Rice Group projects only, and often uses third party contractors to complete building work. RICE Group completes with its own forces: sites preparation, excavation, grading and demolition, site servicing and site finishing.
